Subject:	Re: MOU with SAIL

Dear Robert

Thank you for your response and for the materials attached.
I am attaching to this letter the MOU sent to Dr. Jiang. Please note the budget attached to the MOU. Some parameters related to the "upside" were left blank so that they may be discussed if a general understanding is reached.

The person from SAIL who has been communicating with us and requesting additional information for their analysis is Dr. Yun Jiang. She was also the person who communicated with us prior to their visit in Israel and although she seems to be their Pharma expert she communicates for all the team about medical device, digital health, and biotech companies.

I have not and as far as I know Ehud has not been communicating with any other individuals or entities in China relating to life science companies.

We will be glad to hear from you following your meeting with Dr. Jiang and to hold a conference call via skype or any other way.

Best Regards,

Benad
